## Prices May Be Close To Their Lows For The Year

CPM Group's Jeffrey M. Christian spoke about the outlook for gold and silver on Monex's Prepare and Diversify, 10 August 2018, suggesting that prices may be close to their lows for the year.

The CPM Precious Metals Advisory provides comprehensive coverage of medium-term developments and prospects for the precious metals markets. It contains commentary, information, analysis, and near-term price outlooks for gold, silver, platinum, palladium, and rhodium, as well as a discussion of the economic environment and financial markets as they affect metals prices (20+ pages).

The Precious Metals Advisory also provides:

- Tables on precious metals equities and bullion coins, as well as market metrics data on the metals markets, currencies, and the economy.
- Charts on non-commercial positions, open interest, inventories, and prices.
- Special reports, and other information on individual metals markets developments.
- Updated statistical position tables and supply and demand projections at critical points during the year.
- 1-month, 3-month, and 1-year price targets.
- Projections of average prices for gold, silver, platinum, palladium, and rhodium for the next eight quarters
